5th November 2024

Dear Parent/Carer,

We are offering children in year 3 the opportunity to join a computer programming club every Tuesday from 3:30-4:20 (beginning Tuesday 12th November 2024) to allow children to explore and develop their talents in areas outside the core subjects. With more opportunities becoming widely available in jobs within the STEM (science, technology, engineering, and mathematics) sectors, we feel it is important to offer children the opportunity to explore these in more depth during their time at our school.

During some of our sessions, your child will be using the program Scratch. This is an interactive website and app, and it is free to download to use at home too, allowing your children to continue their programming journal away from school.

If you would like your child to take part in this club, please complete the slip attached and return it to school as soon as possible. This is an exciting opportunity to work in a smaller group and to develop and learn computing and coding-based skills. Please note, club places are limited and if we receive more applications than places, places will be allocated on a random basis.

**** You will be notified if your child gets a place ****

Yours sincerely,

Mrs Rayment
Teaching Assistant / Digital Champion

Child's Name: _____ Class _____

Emergency contact number _____

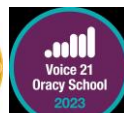

I understand I will receive confirmation if my child gets a place.
